

*Presentation of Hacı Sevım Yıldız 1 Vocational and Technical Anatolian High School*

**Vocational and Technical Anatolian High School Hacı Sevım Yıldız -1 opened in 2013/2014 academic year.**

**Our School is located in BURSA/İnegöl.  
We have a marvellous view of the Nature and its beauty.**

**Our school has a different and special aim of learning style.**

**Our first aim is to encourage vocational education and raise awareness of lifelong vocational training.**

Our school has 3 different profession areas  
1st one is **INFORMATION TECHNOLOGY AREA**

# INFORMATION TECHNOLOGY

## LAB

## 2nd *ELECTRICAL ELECTRONIC TECHNOLOGY AREA*

# ***ELECTRICAL ELECTRONIC TECHNOLOGY LAB***

# *3rd Industrial Automation Area*

# Industrial Automation LAB

Our Z-Library is an open environment accessible to all students and teachers throughout the school day.

**Our cafeteria provides free meals for 1200 students in our school every afternoon.**

**Well-kept dormitories for our students..**

Vocational Graduates of Hacı Sevım Yıldız -1 are ready for social transformation especially in becoming job creators and these students are able to cope with changing job trends and technology.

# Activities carried out by physical education teachers

**As our students' overall health and athletic skill are highly great we have had lots of opportunities to pursue competitions since the opening of our institution.**
